ePay / EFTPOS Terminal
Curbside Dairy
Nadia Winks – Owner

Since renting our EFTPOS terminal with the ePay facility from Eftpos Specialists Taranaki our sales have increased dramatically. Our Boost sales have increased from 20 cards/week to 60+ cards/week. On the first of the month our sales triple as everyone knows we have unlimited stock and will never run out. Before ePay our phone card sales were \$400/week now they have increased to \$1100/week.

The EFTPOS terminal is easy to use and the PinPad is so easy for our customers especially the elderly who find the big numbers easy to read. Eftpos Specialists Taranaki is excellent with their service, they are always there if we have any questions and on the one occasion we needed onsite service, they were here really quickly, which saved us having a huge loss of income.
